

THREE  
NEW  
COMBINATIONS

**Victor Talking Machine Company  
of Canada, Limited**

*The Orthophonic Victrola No. 7-11  
with New Victor Radio  
\$345.*

Everything complete for playing records or radio, (no batteries). Cabinet in Eighteenth Century English design. Contains, as well as a complete Victrola, the new Victor Radio, new Victor Radio Speaker, and all tubes. A rare buy at the low price of \$345, entirely equipped.

*The New Electrical Reproducing  
Orthophonic Victrola No. 7-26  
with Radiola 18 - \$565.*

Operates electrically throughout, in reproduction of both records and radio. Contains the new Radiola 18, and Speaker, complete with tubes and everything needed to operate. Cabinet of Early English design; woods beautifully grained.

*The New Electrical Reproducing  
Orthophonic Victrola No. 9-16  
with Radiola 18 - \$990.*

This new combination in Early English style is absolutely the last word in advancement. Volume and tone are the very finest, made possible through a power amplifier and specially fine reproducer unit. Electrical reproduction of both records and radio. Beautifully colored albums revealed when doors open. Inlays and overlays in the front panels add beauty.
