*Have You Heard The New*

**RCA VICTOR**  
**45 RPM**  
**SYSTEM OF**  
**RECORDED MUSIC?**

Here is what Dr. Leslie R. Bell, the distinguished director of The Leslie Bell Singers has to say about it:

"Until I heard this new RCA Victor System of Recorded Music I would never have believed it possible—such remarkably true tone—without a trace of distortion. It's absolutely amazing!"

Don't miss this great music thrill. You can play up to 10 of the new, nonbreakable records, for more than 40 minutes of music without need of attention. Ask your nearest RCA Victor Dealer to tell you about the advantages and savings of the 45 RPM system—the record and automatic record played designed for each other—the system the critics call the "modern way to enjoy recorded music". And ask for a copy of the new RCA Victor Catalogue of 45 RPM records. More than 1000 selections are now available.
