

RCA

Forma collection

cubiform II:

This little cube is 'sitting pretty' on a spun aluminum pedestal base. Its finish is a lovely example of the popular Teak Trend in stereo cabinetry. The separate cube-shaped speakers on their own ebony stands are scuff-resistant. (Not connected except by wire.) The beautifully translucent (plexiglass) hinged dust cover is softly tinted in Blue Intrigue.

Dimensions — H. 26 $\frac{3}{4}$ ", W. 24", D. 23".

Vertical record storage space inside.

(Model SFA 1095T)

Suggested List Price: \$289.95.

cubiform I:

The shape of things to play. Now! RCA's delightful, cool-white cube perched on an elegant white pedestal base. Stereo speakers are separate — outside on their own stands. (Not connected except by wire.) Dramatic red grille cloth covers the front area of the cube. The hinged dust cover is tinted a very fashionable Wild Magenta. The speakers are frankly modern too — housed in white cube-shaped cabinets with red grille cloths and ebony bases.

Dimensions — H. 26 $\frac{3}{4}$ ", W. 24", D. 23".

Vertical record storage space inside.

(Model SFA 1094)

Suggested List Price: \$279.95.

cubiform IV:

Roll out the cube! Enjoy 'The Sound of RCA' on the move with this Walnut-finished stereo furniture on casters. Dramatized by a translucent dust cover in lovely Blue Intrigue. The Ebony-finished speakers with Midnight Blue grille cloths can be removed from the front of the cube for total stereo sound separation.

Dimensions — H. 22", W. 24", D. 23". Vertical record storage space inside.

(Model SFA 1093)

Suggested List Price: \$259.95.

cubiform III:

Another striking new 'Cube Stereo' with the advanced design that appeals to those who dare to be different. This one has a smooth, rich Walnut finish with speakers with matching grille cloth that wander around independently of the cabinet. (Not connected except by wire). The lid is a lid with a difference! A conversation piece all on its own with its soft, translucent tint of Blue Intrigue.

Dimensions — H. 26 $\frac{3}{8}$ ", W. 24", D. 23".

Vertical record storage space inside.

(Model SFA 1095W)

Suggested List Price: \$289.95.

forma 'wild one'

It gets around! And that lid in Wild Magenta isn't for the timid! Looks like an ultra-modern console that would be ideal as a room-divider stereo. But detach the speakers and stand and it can be bookshelf stereo or anywhere-you-want-it-stereo. Scuff-resistant speaker cabinets have red grille cloths.

Dimensions — See on flap.

(Model SFA 1091Y)

Suggested List Price: \$229.95.

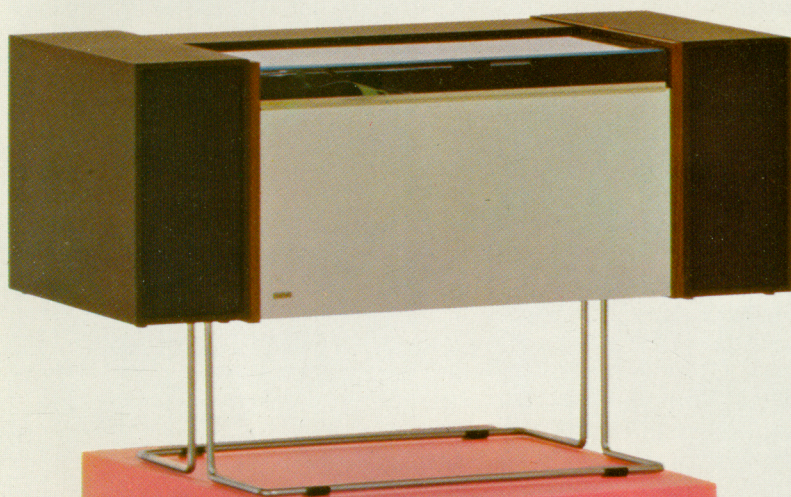

forma 'sophisticate'

Like the other two Forma models the 'Sophisticate' has a finished back so the set can be used as a very smart room divider. Both end speakers and chrome stand are completely detachable too. The smart white cabinet with walnut end panels has a translucent cover tinted in Blue Intrigue. Scuff-resistant speaker cabinets have Midnight Blue grille cloths.

Dimensions — See on flap.

(Model SFA 1091W)

Suggested List Price: \$229.95.

forma 'modernist'

Not a cube! But it adapts its size to fit the space available. Remove the detachable speakers and you'll see what we mean. The stand is detachable too. It's console stereo, bookshelf stereo, or anywhere-you-want-it-stereo. Even a room divider! Scuff-resistant Walnut finish. Cover in translucent Misty Smoke. Ebony-finish speakers have Midnight Blue grille cloths.

Dimensions — See on flap.

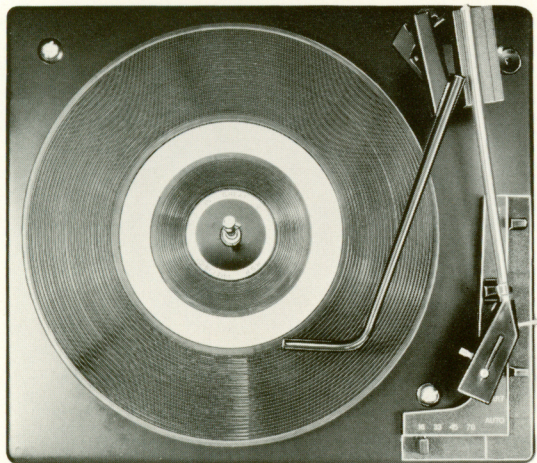

(Model SF 72)

Suggested List Price: \$199.95.

Inside information

Mostly about the New Look in Sound

Record Changer:

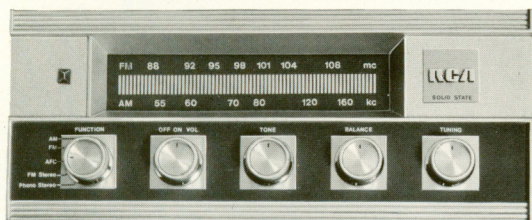

Cubiform I, II and III — MACDONALD 200 4-speed automatic/manual; low mass tubular aluminum tone arm; light-tracking design permits minimal tracking and tripping operation; adjustable anti-skate control neutralizes inward skating forces and eliminates distortion; large deluxe turntable with deep-rimmed turntable mat; two brushed silver turntable rings; manual record size selection; removable centre spindle; finger lift on tone arm for manual play and added convenience.

Cubiform IV, The 'Wild One' and The 'Sophisticate' — BSR UA47 centre chrome trim/ring 4-speed automatic/manual; tubular aluminum tone arm for better tracking; record size selector.

The 'Modernist' — BSR 4-speed automatic/manual: record size selector.

Cartridges: Dual flip-over stylus.

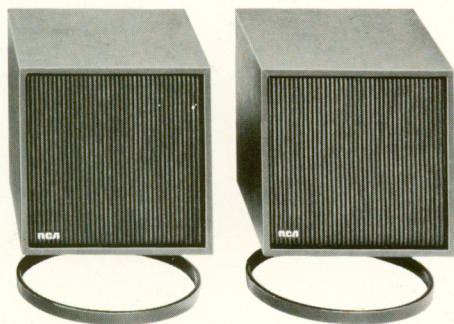

Chassis Controls: Tuning, balance, full-range continuous tone control, on-off volume, rotary function selector.

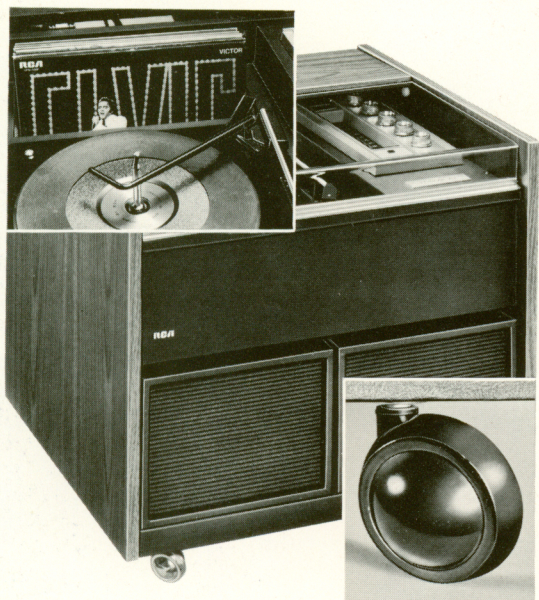

Tuner: AM/FM/FM stereo with AFC to keep FM stations from drifting. Vernier tuning. FM Stereo 'Signal Sentry' lets you know when you have tuned an FM station broadcasting in stereo. Full range tone control. Built-in AM and FM antennas.

Panel Lighting: Tuner dial: 'Signal Sentry' FM stereo indicator.

Stereo Amplifier: Unitized with radio tuner. 41 Solid State devices to ensure lasting reliability.

Speaker Complements: Dynamic duo-cone speakers with mechanical crossover network feature large magnets for robust stereo reproduction. These speakers, as with all Forma Collection components, have been matched and balanced by RCA sound engineers to provide virtually flawless and distortion free stereo sound reproduction. Speaker cabinets for Cubiform I, II, and III feature complementary cube styling with halo bases that provide an illusion that the cabinets float without visible support. The bases are detachable for convenient bookshelf installation. Cubiform IV, the Modernist, the Sophisticate and the Wild One feature speaker cabinets that can be removed from the main unit to provide further stereo sound separation.

Record Storage Space: All Forma Collection models have vertical record storage space conveniently located next to the record changer. Cubiform IV provides additional storage space for your favourite albums: just remove the stereo speaker cabinets from the speaker storage area underneath the chassis.

Casters: Cubiform IV also features a new dimension in versatility: a stereo on casters that can be placed anywhere in the room — at any time. Now, when you want Presley, Puccini, or Prokofieff, where you are, just roll out the cube!

Forma Dimensions:

(All 3 models shown)

Cabinet with speakers and stand — H. 24 $\frac{3}{4}$ ", W. 43 $\frac{1}{2}$ ", D. 17".

Cabinet without speakers — H. 24 $\frac{3}{4}$ ", W. 28 $\frac{1}{2}$ ", D. 17".

Cabinet without speakers and stand: H. 14 $\frac{3}{4}$ ", W. 28 $\frac{1}{2}$ ", D. 17".

Each speaker — H. 14 $\frac{3}{4}$ ", W. 7 $\frac{1}{2}$ ", D. 17".

RCA

The New Look in Sound

Stereo is sound. And stereo is furniture too. But stereo doesn't *have* to stand only against a wall. Doesn't *have* to be in a big cabinet. Doesn't *have* to be just one color. The rooms of today's smartest homes are swinging with color. It sizzles in kitchens, sings in bathrooms, and livens up living rooms. So . . . enter the RCA Cube! No wallflower, this stereo. It steps right into center stage in your home, flaunting cool, colorful style. Practically anywhere, Forma Cube Stereo and other versatile models here are 'The New Look In Sound' — gorgeous RCA sound furniture that even makes the word 'Contemporary' seem dated. Are you daring enough to join The Cube Set?
